

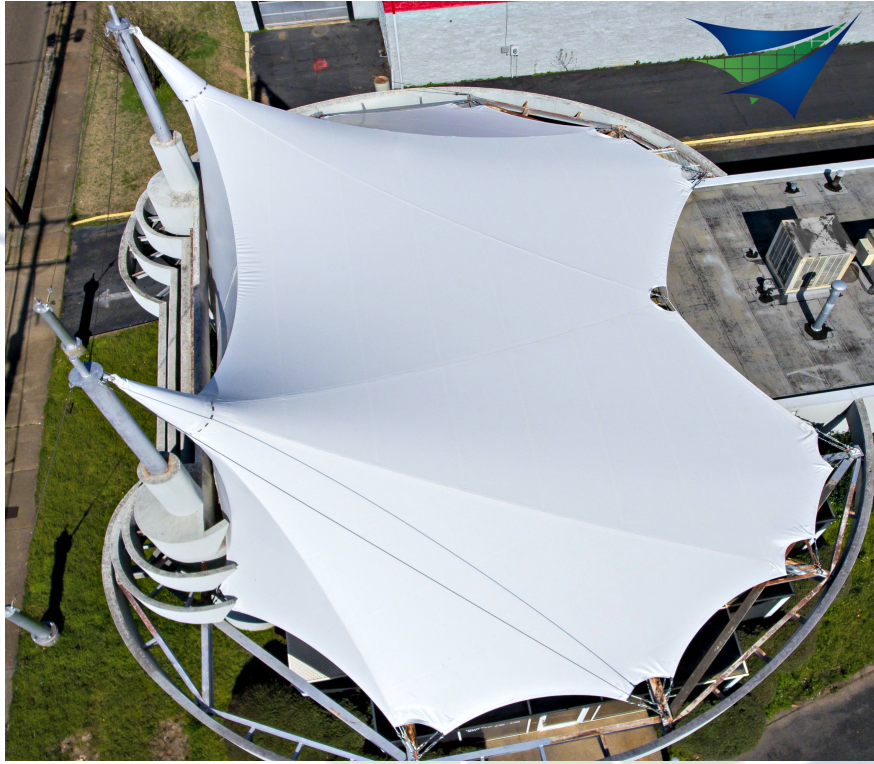

PHOTO FINISH – Dryve Cleaners

Custom shape and design to meet your exact needs.

TSS designed, engineered, manufactured and installed this new, custom tensile roof in Memphis, TN for a commercial business. The unique design allows the clients location to be easily recognized and this roof has become an instant landmark.

Tensile Structure Systems is a boutique firm specializing in the design of custom tensile fabric structures, roof systems and shade sails. Whether it be a sports facility, amphitheater or transportation hub we are dedicated to providing the highest quality, cost effective products with a customer service experience second to none. This is our commitment. This is our mission.
