

## PHOTO FINISH – LEXINGTON GREEN LIVE CONCERT STAGE CANOPY

### *New Stage Canopy for Lexington Green Mall in Lexington, KY.*

Tensile Structure Systems worked with our client to help create a new gathering space and concert venue for the venerable Lexington Green Mall in Lexington, KY.

The new stage canopy and custom tensile canopies on the dock create a wonderful and dynamic gathering space for the new Lexington Live Summer Concert Series. Attendance and revenues are up!

*Custom shade sails -  
any size, any shape, anywhere.*

Premium design, materials and finish details offer one-of-a-kind solutions that will complement existing architecture and landscaping elements.

Tensile Structure Systems is a boutique firm specializing in the design of custom tensile fabric structures, roof systems and shade sails. Whether it be a sports facility, amphitheater or transportation hub we are dedicated to providing the highest quality, cost effective products with a customer service experience second to none. This is our commitment. This is our mission.
