

PHOTO FINISH – Vehicle Protection

Custom shape and design to meet your exact needs.

Protecting client and employee vehicles from the harsh Southern sun is now becoming a regular business for Tensile Structure Systems. Happy people now have a nice cool vehicle to get into not to mention the shade sails help protect the vehicles from harmful UV rays.

Tensile Structure Systems is a boutique firm specializing in the design of custom tensile fabric structures, roof systems and shade sails. Whether it be a sports facility, amphitheater or transportation hub we are dedicated to providing the highest quality, cost effective products with a customer service experience second to none. This is our commitment. This is our mission.
